

Porous Materials & Templated Nanoparticles

Andreas Stein (PI), Melissa Fierke, Won Cheol Yoo, Nicholas Denny, Zhiyong Wang,
Fan Li, Nicholas Petkovich, Elizabeth Kiesel
Department of Chemistry, University of Minnesota
NNIN Facility utilized: Characterization Facility

- Synthesis of nanostructured materials by templating
 - ◆ soft templates: mesopores
 - ◆ hard templates: macropores
 - ◆ hierarchical structures
 - ◆ shaped porous nanoparticles
 - ◆ nanoparticle morphology control
 - ◆ high yield nanoparticle syntheses

- Publications:
